

## BANKERS MEET AT CASTLE HOT SPRINGS MONDAY

State Association To Hold  
Two-Days' Convention—  
Expect Big Attendance  
From Maricopa County

What is being looked upon as perhaps the most important convention to be held in the state during the year will begin at Castle Hot Springs Monday when the members of the Arizona Bankers' association will gather there in a meeting which will decide, in great measure, the financial problems which will be faced by Arizona during the next 12 months. The members of the association will begin to arrive in Phoenix today, and by tomorrow it is probable that all of the delegates will have reached this city. As they come in they will be taken to Castle Hot Springs, where a program of entertainment for the two days of the convention, Monday and Tuesday,

has been prepared. With the members of the Arizona association will be the California members of that organization and several bankers of Chicago who are interested in Arizona's banking condition. A local committee will meet the bankers as they arrive here today and tomorrow and will take them to Castle Hot Springs by automobile. The hotel at the popular winter resort will open today, and it is anticipated that everything will be in readiness for the convenience of the delegates as they arrive. The hotel will be open until May 1, 1922.

**Los Angeles Bankers Coming**  
Among those who will attend the meeting of the Arizona Bankers association will be a representative delegation of prominent Los Angeles bankers who will arrive in Phoenix this morning via the Southern Pacific and Arizona Eastern. At Castle Hot Springs they will be the guests of the association.

The attendance of the Los Angeles financiers shows that the bankers of that city have a heart felt interest in the future progress and development of Arizona and that their sphere of activity does not end at the border line of their sister state. The resources and credit facilities of Los Angeles financial institutions will continue to play an important part in the commercial, industrial and agricultural growth of this great valley. Those from Los Angeles who will attend the convention of the Arizona Bankers association are: George A. J. Howard, president California Bank; W. J. Doran, vice-president Citizens National bank; V. H. Ros-

sett, vice-president and cashier Farmers and Merchants National bank; W. A. Bonnyne, Jr., cashier Commercial National bank; J. A. H. Kerr, vice-president Security Trust and Savings bank; Charles F. Stern, vice-president First National bank and Los Angeles Trust and Savings bank; E. W. Smith, vice-president United States National bank; W. D. Woolwine, vice-president Merchants National bank; J. H. Ramboz, vice-president Merchants National bank; W. D. Howard, president Continental National bank.

**Plan Entertainment**  
P. M. Buckwalter of Bisbee, president of the association; Morris Goldwater of Prescott, secretary and treasurer, and other officers are expected to arrive in Phoenix today. A golf tournament for the men and a bridge for the women will be features of the social activities of the convention. Prizes for both these events are being offered by the Phoenix Clearing House association. A grand ball will bring the convention to a close Tuesday night.

## RESOLUTIONS ON THE DEATH OF OFFICIALS

The following set of resolutions of condolence in the death of William Mathie of Winslow, H. C. Storey of Prescott, Jack A. Jaeger of Wickenburg and W. H. Oliver of Los Angeles, who were killed Tuesday near Wickenburg in a railway accident, have been adopted by the Phoenix Chamber of Commerce:

"Whereas, To the Phoenix Chamber of Commerce has been brought the news of the sad accident by which five officials of the Santa Fe Railway system were killed, four of these men being citizens of Arizona, and the other official earnestly interested in our state; and

"Whereas, The death of these men, William Mathie of Winslow, H. C. Storey of Prescott, Jack A. Jaeger of Wickenburg and W. H. Oliver of Los Angeles is a distinct loss to the state of Arizona; and

"Whereas, These men labored continually and earnestly for the upbuilding of Arizona at all times, and it is fitting that among men there be made full and proper acknowledgment of duty well performed; now, therefore, be it

"Resolved, That this memorial, expressing our great sorrow on the death of William Mathie of Winslow, H. C. Storey of Prescott, Jack A. Jaeger of Wickenburg and W. H. Oliver of Los Angeles be spread on the minutes of the meeting of the board of directors of the Phoenix Chamber of Commerce; and further be it

"Resolved, That a copy be forwarded to the family of each, and that copies be supplied to the daily press; and be it further

"Resolved, That this meeting, as a tribute to the memories of these men, does now adjourn."

**ROBISON BEATS GIBBONS**  
BOSTON Nov. 25.—Tommy Robison of Malden tonight won the decision over Mike Gibbons, St. Paul middleweight, in 10 rounds.

**ALGER FIGHTS DOYLE DEC. 2**  
EL PASO, Nov. 25.—White Doyle, Cleveland lightweight, reached El Paso tonight and signed articles for a twelve round bout in the Fort Bliss arena, Friday night, Dec. 2, with Billy Alger of Safford, Arizona southwest lightweight champion.

Oil well pumps in Texas are now operated by electric motors.

## CAMPAIGN FOR THE BOY SCOUTS TO OPEN MONDAY

Workers From Kiwanis  
And Rotary Clubs Ready  
To Start Strenuous Drive  
For \$11,650 For 1922

With 40 workers chosen from the Rotary and Kiwanis clubs and each of the workers assigned to one of the districts into which the city has been divided, the three-day intensive drive to carry on the great work for \$11,650 needed to insure the adequate maintenance and expansion of the Boy Scout work in Maricopa county for the coming year will be started in full swing on Monday morning, Nov. 28.

The strenuous campaign to raise the funds estimated to be necessary to carry on the work for the coming year will be made by the Rotary and Kiwanis clubs assisted by the Boy Scouts and will be under the supervision of W. C. Hornberger, chairman of the committee from the Rotary club and E. S. Clark, chairman of the committee from the Kiwanis club. In addition to these committees, Fred J. Joyce and Col. J. E. Thompson, representing the Boy Scout council, will assist in the drive.

Because the Boy Scout organization is one which is of vital importance to fathers and mothers and persons who recognize its constructive value, it is the intention of the joint committee from the Rotary and Kiwanis clubs, to secure small contributions from a large number of persons instead of large amounts from a small number. To this end, the workers chosen from each of the clubs will carry on one of the most intensive and strenuous drives ever made in the county in an effort to raise in three days the quota assigned to Phoenix of \$11,650. The remainder of the fund, \$3,600 will be raised on the south side in Tempe, Mesa and Chandler.

**Governor for Boy Scouts**  
Gov. Thomas E. Campbell, who has been actively in touch with the Boy Scout movement in the state for several years, yesterday made the following statements about the Boy Scout work in Maricopa county and about the campaign to raise funds necessary to carry out the scout program in the county:

"There are about 4,000 boys of Scout age (12 to 18 years) in Maricopa county," the governor said, "and the boys will soon become citizens of the state and country. The present needs of these boys differ greatly from the needs of adults for the habits of the grownups already are pretty well formed, while those of the boys are only in the process of forming."

"The sort of citizens these boys will make will be determined largely by the manner in which they use their leisure time. An investigation of the prisoners confined in any state penitentiary will show most of the convicts are there because of the misuse of their leisure time. Such an investigation also will show the average age of the men to be about 25 years."

"Our boys spend an average of approximately 1,000 hours each year in school and have about 5,000 hours of leisure time. To leave the leisure time activities of the boys to blind chance is often fatal. The community must recognize the need of directed activities in character building and citizenship training for our boys, and it also must recognize that it is the duty of the community to see that such activities are provided."

**Builds Character**  
"The way to build character is through the association of the youth of the county with men of character for the youth is very susceptible to imitation, and also through character making activities. The way to make better citizens of the youth of the county is through the practice of good citizenship."

"The Boy Scout work accomplishes these ends as no other organization can by placing the leadership of our boys in the hands of volunteer scoutmasters who are selected for their qualities of character and citizenship, and by providing activities which are attractive to the boys and which give them an opportunity to develop the right kind of ideals of American citizenship. This has been demonstrated many times in the civic good turns which have been performed by the boy scouts in various parts of the country."

"I have carefully looked over the budget for the scouting in this county which has been submitted to me, and I heartily endorse the same. I have confidence in the people of the county to the extent that they will willingly meet the necessary demands to put into immediate and active effect this splendid work of the Boy Scout movement in Maricopa county."

## SUPPLY CLOTHING TO NEEDY FAMILIES

The first work of the distributing committee, need almost before the garments were listed, was to supply two American families, widows, who had children to raise and educate. They were made warmer for the winter. The garments and other articles, which must be new, are given to special cases like the above: to anti-tuberculosis society, Associated Charities, school children, etc. A full report will be given later in the daily papers.

These wishing to contribute two new articles each, may send them to one of the distributing committee for this year: Mrs. Roland C. Dryer, Mrs. Ida E. Lawrence, Miss Frances Elliott, or leave them with Mrs. Grace Yarwood, 330 West Monroe street.

At the annual meeting of the Needlework guild, Phoenix branch, held last week, the following officers were elected: President, Miss Mary G. Utley; vice president and publicity, Mrs. Roland C. Dryer; secretary, Mrs. Annel Martin; assistant, Mrs. P. A. Jefferson; treasurer, Mrs. L. M. Harrison.

Garments may be contributed—stockings and underwear for men and older boys being especially needed—until Dec. 15, when the books will be closed.

## FAIR BY GLENDALE WOMAN'S CLUB TO BE NOTABLE AFFAIR

GLENDALE, Nov. 25.—The stage is all set for the fair to be given by the Glendale Woman's club on Saturday evening, Nov. 26. The ladies in charge of this fair are deserving of much credit for the time and effort that they have put forth to make it the greatest event of its kind that has ever been offered by the local club.

Six booths, each one representing one of the six days of the week which the housewife utilizes for her work, have been attractively decorated and great care and thought has been exercised in making the articles suggestive for appropriate presents for the joyous Yuletide.

A supper will be served by the ladies in the evening which will outdo any such meal ever placed for the Glendale public. Immediately after the supper a performance will be given by the local talent of Glendale, the scene of the play being laid in Sunny Spain, and the characters will depict life among the Spaniards. This effort by the ladies is deserving of a widespread patronage from the town and surrounding district and all are asked to be there when the roll is called.

**No Meeting**  
No meeting will be held at the Nazarene church Saturday evening. However, services will be held Sunday morning, and in the afternoon there will be a rally, to be held at the local church. Community singing will feature the program.

**Baseball**  
The Glendale Greys will stage another baseball game on the home lot Sunday afternoon, when they cross bats with the Phoenix Giants on a basis of winner-take-all. The lineup has been given as: Gillette, O. Varney, R. Varney, L. Coor, D. Coor, Lopez, Terrell, Forney, Nafziger, Jones and Addington.

**Go to Los Angeles**  
Mr. and Mrs. Ralph Bennett left this morning for Los Angeles, where they intend to locate.

**Barn Burns**  
Gus Anderson, a rancher living west of Glendale on Northern avenue, had the misfortune to have his barn burn with all contents at an early hour Friday morning. No cause has been determined for the fire. In addition to 50 tons of baled hay, a quantity of cotton and some implements were lost. It is understood that the loss is covered by insurance.

## "OVER THE TOP" IN 2-HOUR DRIVE FOR XMAS SEALS

Members of the Kiwanis  
And Rotary Clubs Make  
Rapid Work of Cam-  
paign—Raise 50 Per  
Cent More Than Ex-  
pected

Going "over the top" in less than two hours, the members of the Kiwanis and Rotary clubs, working in unison, raised not only the quota desired in the Red Cross Double-Barred Christmas seal campaign for the anti-tuberculosis fund of the association yesterday, but exceeded the quota by 50 per cent.

Entering into the work with all the enthusiasm and zeal for which these

civic organizations are known, they collected in 120 minutes \$1441.70, the money being gathered in amounts ranging from 14 cents to \$50. The drive was conducted in 40 districts into which the business section of the city had been divided, and 100 Kiwanians and Rotarians assisted in the work.

In commenting upon the success of the drive, Gov. Thomas E. Campbell, president of the Anti-Tuberculosis association in Arizona, said:

"As the president of the Arizona Anti-Tuberculosis association I want to express the sincere appreciation of this organization for the wonderful work which was done today in the two-hour drive by the Rotary and Kiwanis clubs. I have never heard of such thorough work being done in so short a time. I have looked over the map of the work and cannot but say that no stone was left unturned. The amount obtained, nearly \$1500, certainly is a gratifying figure and much above our expectations. Our entire organization is full of thanks to those people who worked so hard today."

The Rev. Bertram R. Cocks, president of the Maricopa health center, to which 80 per cent of the money raised yesterday will go, also expressed his appreciation of the efforts of the club members and of the good which they had accomplished.

Half a million working people die annually.
